<sup>1</sup> It is permissible and the Water System recommends one service connection be used for both the normal water use and fire service. The general service rates would apply for all water usage.

<sup>2</sup> Private Fire Service charges shall apply to all connections which provide service only for private fire protection facilities whether supplied through a fully metered service or an unmetered service with a detector check valve and bypass meter. Customer charges are lump sum charges according to the applicable service size with zero water usage. In case of a fire, charges for water usage shall be in accordance with Butler County Water System, Inc. Tariff effective 08/11/97, Section III D. Charges for all other water usage shall be in accordance with prevailing Butler County Water, System, Inc. rates for general service. Where a detector check valve with a bypass meter is used, the water usage shall be based on the combined volume of water used through both the detector check valve (estimated) and the bypass meter. All rates are subject to 10 percent penalty if paid after due date.
