

Water Treatment Plant Operator

Butler County Water System is looking for a WATER TREATMENT PLANT OPERATOR to join its team of licensed operators. Responsibilities include maintaining plant operability, monitoring treatment process efficiency and ensuring water quality. In addition to operating the Water Treatment Plant, duties include testing, maintaining appropriate records, customer service, maintenance at the water plant and distribution system maintenance/repairs.

High school diploma or equivalent required. Class III Water Treatment Plant Operator License is desired, however, BCWS will also assist applicant in obtaining operator's certification. Must reside in Butler County.

We offer an excellent benefits package including Medical, Dental, Life Insurance, Retirement Plan, 401(k), etc. and an opportunity to become a part of a growing, dynamic team focused on customer service and continuous improvement.
