

National Drinking Water Week Coloring Contest

First, Second & Third Grade Artists Eligible ● Entry Due May 19

Water is our most valuable and precious resource. It is important to reduce contamination by keeping the water, the ground and the air free of pollutants. Help prevent pollution, protect our planet and save our natural resources by practicing the Three R's:

REUSE

REDUCE

RECYCLE

Coloring Contest - First, Second and Third Grade Artists Eligible

Please include artist name and grade along with water district customer name on the back side. All drawings will be on display within our office. Entry due May 19. Winner will be announced the end of May.
